

ZURICH PRO

Artificial turf 30 mm and 40 mm

A perfect alternative to natural turf thanks to its great similarity. Perfect for enjoying a space that is always green, without the need for regular maintenance.

Benefits

30 mm and 40mm artificial turf, offering an incredible likeness to natural turf thanks to the combination of different shades of greens and browns. To the touch, softness and a high level of comfort. Curly brown blades reproduce the natural felt the effect of the turf and limit the visible accumulation of dust. They also contribute to keeping the blades in place.
