

NORTENE®

SALZBURG

Artificial grass 20 mm

Thanks to its combination of mainly straight green blades and extra-fine, curly brown blades, this turf provides a feeling of softness with a realistic and natural effect. A real pleasure to see and touch.

Benefits

20 mm turf offering a very natural look with the combination of vertical green grass blades and finer, curly brown blades. The latter contribute to the maintenance and provide a natural matting effect. Excellent value for money. An ideal product for quickly covering a small area.

Characteristics

In PE (vertical blades) + PP (curly blades).
Points / m²: 18,900.
Weight g/m²: 1.182.
Drainage.
